Tools: VS Code, Figma, Adobe XD, Canva

Concepts: React Hooks, Component-Based Architecture, DOM Manipulation, UI Components, Cross-Browser Compatibility, Mobile-First Design

Professional Experience

Frontend Web Developer / UI Developer
Lucid Outsourcing Solutions Pvt. Ltd.

Aug 2025 – Present
Jodhpur, Rajasthan

- Developed 13+ responsive landing pages and multi-page websites using HTML5, CSS3, JavaScript, Bootstrap 5, and jQuery.
- Built a fully responsive React.js website using reusable components and Bootstrap-based layouts.
- Converted Figma high-fidelity designs into pixel-perfect, responsive frontend interfaces.
- Created reusable UI components to improve development speed and maintain design consistency.
- Implemented interactive UI features including sliders, tabs, modals, dropdowns, accordions, and form validation.
- Collaborated with designers, developers, and project managers to deliver clean and user-friendly web interfaces.

Projects

React.js Multi-Page Website

React.js, Bootstrap 5, JavaScript

- Developed a responsive multi-page React.js web application using component-based architecture.
- Used React Hooks such as useState and useEffect to manage dynamic UI behavior.
- Integrated Bootstrap 5 grid and components for mobile-friendly and cross-browser layouts.

Movie Streaming Platform

HTML5, CSS3, JavaScript, PHP

- Designed and developed a movie streaming and downloading website with responsive UI.
- Built a real-time Watch Together feature with synchronized playback and chat functionality.
- Implemented frontend pages and PHP-based backend logic for dynamic content handling.

UI/UX Design Portfolio Websites

Figma, HTML5, CSS3, JavaScript

- Designed and developed landing pages and multi-page websites for IT, NGO, Spa, Sports, Car Rental, Farm, and E-Commerce sectors.
- Created responsive layouts, user flows, wireframes, and high-fidelity UI designs.
